DRESS, CARDIGAN AND HAT

Ice cream sundae

Get set for baby's summer holidays with a trio of items knitted in a smooth and soft cotton yarn. By Sarah Heys

The stitches in these items may be simple but the look isn't, and Sarah's knitwear in bright candy coloured cotton yarn is sure to be a winner on the beach! All are knitted in stocking stitch, with texture and interest added to the dress with a moss stitch bodice, straps and edging,

plus fun bows on the hat and dress in a contrast colour. The set is perfect for the British summer – when the sun is shining, your little one can enjoy wearing the dress, and the hat and the cardigan can either add a layer of warmth when it gets chilly, or protect delicate skin from too much sun.

The very best start

If you're looking for a worthy recipient for your knits, read on to find out how you can help the work of premature baby charity Bliss

Bliss is the UK charity for premature and sick babies, dedicated to ensuring that they have the best possible chance of survival and reaching their full potential. One in every nine babies in the UK is born premature or sick, which is over 80,000 babies every year, and Bliss provides invaluable support to families through one to one support and informative advice publications. Bliss also campaigns on issues affecting special care babies, as well as supporting research.

In order to continue its fantastic work, the charity relies heavily on its volunteers and the general public for their time and fundraising efforts. Bliss has a large team of volunteers across the country who run family support groups and provide one to one support. They also hold a variety of fundraising events up and down the country, including Bake for Bliss and Buggy Push events.

As part of these fundraising activities, the charity has a successful online craft club called Bliss Loves Crafts. The club is free to join and provides access to knitting patterns, all of which are suitable for premature and sick babies – it's

not advised to follow standard baby patterns as a premature baby's skin is extremely fragile and sensitive, so these specially designed patterns will aid their comfort and safety. You can find one of these patterns on page 21, a gorgeous jacket designed, rather appropriately, by Debbie Bliss. The craft club provides a regularly updated list of units that require knitted items and what sizes they need, so you can send your garments directly to the units that need them and they will be donated to the babies. Families are incredibly grateful to receive these handmade

"One in every nine babies in the UK is born premature or sick"

gifts, as having a baby in special care can be a very frightening and stressful time. As well as knitting patterns, the club also has recipes and patterns for a variety of other crafts. Even though these can't be sent to units, they can all be sold to raise money for Bliss and help it continue this vital work.

Bliss gives families support at what can be a very stressful time

Your knits are needed for premature and sick babies in hospital

If you would like to join or find out more about the craft club, you can visit www.bliss.org.uk/bliss-loves-crafts. Please note that you need to send knitted items directly to the units, not Bliss itself. If you require support from Bliss, you can call its helpline on 0500 618 140 or visit www.bliss.org.uk

Summer yarn guide

The sun has got its hat on, hip hip hooray... we share some of the best lightweight yarns with you so baby can keep and look cool this summer!

Ever since the clocks sprung forward we've been looking out for the sunny days of summer, as that means it's time to knit a new wardrobe for baby! We've searched high and low for some of the best summer yarns, and here they are in all their glory, whether you're after something simple and inexpensive or you want to make a luxury gift.

Bergère de France Cabourg

50g
70% acrylic, 30% hemp
RRP £3.55

To buy visit www.bergeredefrance.co.uk

This yarn was originally launched as Cascade, but later renamed Cabourg. It has a fine structure that makes it perfect for the simplest of stitches, showing them off to their full potential, so beginners should definitely take a look. Cabourg is a blend of acrylic and hemp, which adds some very desirable characteristics, as hemp is soft and strong. And fabrics get even softer with repeated washing, so your knits will just get better and better with time! The colour palette is filled with classic pastel shades, plus a couple of zesty ones that are perfect for older children's garments.

King Cole Opium

100g
54% cotton, 42% acrylic, 4% nylon
RRP £4.69

For stockists visit www.kingcole.co.uk or call 01756 703 670

If you like your yarns fancy, look no further than Opium, one of King Cole's newest creations. This wavy yarn alternates from thin to thick along its length, which creates a light, lace-like fabric that's just right for summer clothes. Knit it up on 6mm (UK 4, US 10) needles for a speedy finish. We recommend using Opium for relatively simple knits, since the gorgeous texture of the yarn speaks for itself.

DMC Petra

100g
100% cotton
RRP £5.35

For stockists visit www.dmccreative.co.uk or call 0116 275 4000

Petra is long staple cotton that's great both for knitting and crochet. It's twice mercerised, which makes it both soft and strong – just what you need for baby knits. It's also machine washable at 60°C, another great bonus when knitting for little ones. Petra comes in 60 beautiful shades, from soft pastels to bold brights. And it's available in three thicknesses – 3, 5 and 8; size 8 is the best for knitting. One of the best things about knitting with Petra is that it has a brilliant handle and doesn't tangle easily.

Texere Good Fortune 4ply

50g
100% cotton
RRP £3.45

To buy visit www.texere-yarns.co.uk or call 01274 722 191

Good Fortune is made by Texere and dyed in a lovely range of shades – some bold, some subtle – with many not often seen in cotton yarn ranges. The bright shades are especially suited to summer projects, and the yarn is really soft. It's also highly absorbent, so why not use it to knit some funky nappy covers, to keep baby looking stylish?

Rico Design Fashion Summer

50g
100% cotton
RRP £3.49

For stockists visit www.rico-design.de

This tape-like yarn is an amazing choice for your summer creations. First, tape yarns are bang on trend right now. Second, it comes in some superb shades such as the zesty orange pictured here, as well as some multicoloured prints too. Third, it's light and fresh, and comfortable for baby to wear in the heat. And, as an extra bonus, this super chunky is also very quick to knit up on 8mm (UK 0/US 11) or 10mm (UK 000/US 15) needles. What more could you ask for? Use it for tops, cardis, vests and more.

quick knit
projects

Bergère de France Reflet

100g
61% organic cotton, 39% polyester
RRP £7.50

To buy visit www.bergeredefrance.co.uk

Not quite glossy, not quite matt, Bergère's Reflet has a shimmering finish that will give all your summer knits a touch of luxury as they catch the sunlight. It's a good yarn for knitting beginners as it makes even simple stitches stand out, and is lightweight enough for warm weather knits, such as vests and dresses. Machine washable, there are eight lovely shades to choose from.

Stylecraft Summer Breeze DK

100g
73% acrylic, 27% cotton
RRP £3.89

For stockists visit www.stylecraft-yarns.co.uk or call 01535 609 798

Stylecraft's new Summer Breeze yarn combines the benefits of cotton and acrylic to make it a versatile choice for summer. Acrylic for its lightness, cotton for its durability and breathability, and both for their easy-care properties. There's a subtle texture running through the yarn, with small slubs creating a fabric that just begs to be touched. It comes in some great shades for the season, is fully machine washable and the pattern support is top-notch too.

Rowan Softknit Cotton

50g
92% cotton, 8% nylon
RRP £4.50

For stockists visit www.knitrowan.com or call 01484 681 881

When you spend time knitting intricate cables and fancy textures, you want to be sure they'll show up, so use Softknit Cotton and be sure that things will be perfectly clear. It has excellent drape, so garments will hang beautifully. Describing it simply as 'soft' doesn't do the yarn justice – it's quite possibly one of the softest yarns we've had the pleasure to use. The addition of nylon makes it extra durable, so it can stand up to repeated wear and washing, with pastels and brights covering all bases.

Sirdar Cotton Rich Aran

100g
60% cotton, 40% acrylic
RRP £4.79

For stockists visit www.sirdar.co.uk or call 01924 231 682

Yet another great yarn from Sirdar to add to its fab range, Cotton Rich Aran is a blend of cotton and acrylic which has a soft, matt finish. It comes in eight shades which are ideal for summer and is perfect for baby – it's comfy in the heat and machine washable, as well as being beautiful! You can use it to knit any standard Aran pattern, and it's guaranteed to show off your stitches to full effect. Use it for baby clothes and accessories, and for other family members too – this is a super versatile yarn.

Juniper Moon Farm Findley

100g
50% merino wool, 50% silk
RRP £13.99

To buy visit www.deramores.com or call 0800 488 0708

Juniper Moon Farm is located in the rolling hills of Virginia, USA, and is home to the sheep and Angora goats that produce its fine range of yarns. The brand was founded by Susan Gibbs, who says that her flock "has earned a lifetime of R&R, and they will live out their days grazing on sweet grass and sleeping under the stars." Ahhh, makes us feel all warm inside! This particular yarn is an equal mix of merino and silk, and is the epitome of smoothness and shine.

Texere Victor

200g
100% linen
RRP £6.25

To buy visit www.texere-yarns.co.uk or call 01274 722 191

The name Victor is apt, since this is one strong and tough yarn that sits somewhere between 3 and 4ply. Victor is a smooth, crisp yarn with little drape, which makes it perfect for summer projects that need a bit more rigidity, such as baskets for babies' toys and nappy bags for carrying about all their essentials. However, it can still be used for clothes, as once it's machine washed and tumble dried, it transforms into a soft and wearable yarn, perfect for summer.

Sirdar Beachcomber

50g
100% cotton
RRP £3.18

For stockists visit www.sirdar.co.uk or call 01924 231 682

Beachcomber has a slub texture that creates a lovely soft fabric when knitted and this, combined with the variegated colour effects, gives it a thoroughly 'beachy' look which makes you think of holidays by the sea. It can be used to knit any of Sirdar's DK patterns, so you're spoilt for choice, and you'll love the fact that it's machine washable too, giving you more time to enjoy the sunshine.

IT'S IN THE DETAIL

For toys intended for a baby, it's vital to ensure that any small parts are sewn on firmly. Sewing twice with the yarn and once more with matching sewing thread is a way to ensure this. All small parts must be checked regularly to make sure they're not loose, and re-sewn if necessary.

MAKING UP

BODY AND HEAD

Sew a running stitch through the cast-on stitches and pull these up tightly to close them

Substitute your own leftover bits of yarn to knit up the ears, paws and neckties

into a tight circle. Sew the main seam from the cast-on to the cast-off edge, leaving a small gap for turning. Turn and stuff, then close the gap in the seam. Sew a running stitch through the row below the head increase row and pull this up to form the neck.

LEGS

Turn the leg so that the right sides of the top and bottom of the feet are facing each other, and that they are not twisted around the leg. Join the top of the foot to the bottom of the foot. Join the main leg seam, leaving the cast-on edge open. Turn the foot and leg to the right side and stuff. Sew across the cast-on edge, having the main seam at the centre back. Sew the legs to the base of the body, making sure that the top of the foot is facing forwards.

ARMS

Turn the arm so that the right sides of the top and bottom of the hand are facing each other, and that they are not twisted around the arm. Join the top of the hand to the bottom of the hand. Join the main arm seam up to the shaped portion at the top of the arm. Turn the hand and arm to the right side and stuff. Sew the open stitches to the sides of the body, on top of the shoulder shaping.

EARS

Sew the inner and outer ear pieces together, slightly stretching the inner ear to fit, and leaving the cast-on edges open. Turn the ears to the right-side, and oversew the cast-on edges together. Fold the ears in the centre. Pin and sew to the side of the head. At approx 14 rows above the head increase the row at the bottom, and about 4 rows apart at the top of the head, with the centre fold 2 or 3 stitches behind the front edges.

COLLAR

Place around the neck and join the side seams. (The collar is a tight fit, as it helps to shape the neck).

FACE

Using B, work a few back stitches across the centre stitch at the front of the head. 10 rows above the head increase the row. Using the same yarn, embroider a mouth three rows

IT'S IN THE DETAIL

When sewing the toys' faces, hide the grey yarn so that it doesn't show through from behind the knitting. So after sewing on one eye, take the needle deep back into the stuffing and bring it out again at the position where you want the other eye to be.

below the nose by back stitching a shallow 'w' over the three centre stitches. Using D, work a few back stitches vertically for the eyes, starting 2 rows above the nose and leaving three stitches between the eyes. Using the same yarn, work three long stitches on either side of the face, starting one row below the nose and four stitches apart from each other, for the whiskers.

And meanwhile, when work measures 18.5 (20.5: 22.5)cm (7¼ (8: 8¾)in) and 70 (78: 84) rows total, dec at each end as foll, 2 sts in from edge:

3 months: *1 st twice every 4th row, 1 st once every 2nd row *, work 4 times total from * to *.

6 months: 1st 3 times every 2nd row, 1st 9

times every 4th row.

12 months: 1 st 12 times every 4th row.

To decrease 1 st, 2 sts in from edge: k2, k2tog, cont row until 4 sts rem on LH needle, sl1, k1, pssso, k2.

Cont and work even over the 45 (51: 57) rem sts until work measures 29.5 (32.5: 35.5)cm (11½ (12¾: 14)in) and 110 (122: 132) rows total.

Change to 2.5mm (UK 13, US 1) needles and work in 1/1 rib for 12 rows.

IT'S IN THE DETAIL

With the intarsia technique, you're using different yarns to create blocks of colour and, when changing shades, unused ends are left dangling at the back. To prevent any holes from forming, twist the different shades of yarn together when changing colour.

BACK

Work as for front but without the intarsia motif.

STRAPS (MAKE 2)

Using a 3mm (UK 11, US 2) crochet hook, make a foundation chain of 100 ch. Work 1 dc in 2nd ch and in each foll ch. Fasten off.

FINISHING

Using E, embroider the seeds in duplicate st.

Sew side seams of garment.

Sew press studs evenly spaced along crotch edgings.

Sew one end of each strap to front top of body, each separated by 7 (8: 9)cm (2¾ (3: 3½)in).

Tie straps in the back to wear. Secure and weave in ends.

Look and touch

Ann Franklin's beautiful patchwork blanket is the ideal way for little ones to explore different colours and textures

Every baby needs some tummy time – the opportunity to lie on their stomach and play, as this not only strengthens the neck and back, but also provides them with a different view of the world. Ann has designed a blanket specifically for this activity, featuring vibrant

hues to stimulate a baby's vision, plus lots of decorative knitting stitches that make exciting textures. The added bonus is that, as well as being fun for a baby to touch, knitting these stitches in small squares is a great introduction to them if you've not made them before!

BLANKET

TEXTURED PATTERN SIDE

All of the squares are 44 stitches x 56 rows. Therefore for each square, use 4mm (UK 8, US 6) needles and cast on 44 stitches, work in the pattern set for each square for 55 rows, and cast off on row 56. This means that not all patterns have fully complete pattern repeats at the end of the square. This is not important, as long as the correct number of rows are worked, so just repeat as many rows of the pattern as is possible.

MAKING UP

Finish off all yarn ends neatly and securely on the colour pattern squares.
Using the square placement plan to place the squares correctly, sew the textured squares together using back stitch. Do the same for the colour pattern squares. Make sure that all squares are orientated in the same way.
Using sewing thread, oversew the wadding onto the back of the colour pattern squares along all four edges, just inside the seam line. Place the textured and colour pattern squares right sides together, matching seams and corners. Back stitch together along three sides, leaving the bottom edge open.
Turn to the right side and then oversew the bottom edge closed.

Bear essentials

These furry matching accessories needn't be saved for arctic temperatures – pop them on your little cub when the sun goes in

The British summertime is so unpredictable – one minute you're racing to find a patch of shade and rummaging for your little one's sunhat, the next you're wishing you'd brought an extra cardigan or huddling under an umbrella. Knitted in a snuggly, fleecy yarn that's both light and

warm, this matching set may be inspired by a bear who's used to below-zero temperatures rather than the odd chilly spell, but it's perfect for adding an extra layer of warmth when the sun hides behind a cloud. You could even make a matching hat with ears, to complete the look!

IT'S IN THE DETAIL

Snowflake yarn doesn't stretch as much as most yarns, so the cuff for the mittens has been worked in aran yarn. If you're new to knitting, snowflake yarn can be tricky to work with, so if you prefer, you could use a chunky yarn instead to make it a little easier to knit the stitches.

Next 2 rows: Knit. 6 (7: 8) sts.

Cast off.

Finish as for the right shoe.

Just like adults, babies feel happiest when they're wearing a soft, comforting knit made by a loved one, that makes them feel right at home. This hooded coat is just that – it may be simple, but it's certainly (as the name of the yarn suggests!) beautifully soft and gentle to baby skin. There's also a lovely matching blanket with a ribbed edge in the same yarn which, as well as being snuggly, is also easy care and can be popped in the washing machine and then tumble dried.

Berry sweet

It wouldn't be summer without strawberries, so these fruit-inspired socks and booties are perfect for your little one this season. By Joanna Benner

Sweet-as-sugar-candy socks and matching booties make cute footwear this summer. As baby lies kicking on the picnic blanket on the lawn, dress them in strawberry pink socks decorated with a matching flower keep toes warm. Their fresh look will go with everything

from the lightest sundress to a plain romper suit. The socks are knitted in simple stocking stitch with a rib border and a picot edge in green, which makes a vibrant contrast next to bright pink. The booties are worked in moss stitch with a numbly texture on top and smooth stocking stitch sole.

KNITS ON A PLANE

Q I'm going on holiday in a couple of weeks and would like to take my knitting on the plane as it's a long flight. Do you know if that's ok?

Dawn Francis, London

A Anna says: It depends on the airport security and your airline. I have had knitting needles taken off me before flying so I would check with the airport and airline first. If you're worried that they might be taken off you then I would go prepared – if you are halfway through a project I would take it off your needles and keep the stitches safe by placing them on a circular stitch holder such as the one pictured above (£6.20 from www.loopknittingshop.com). Even if there is a problem with your needles, at least your knitting will be safe!

YARN SUBSTITUTE

Q My pattern asks for a brand of yarn that they don't sell in my local shop, so I was wondering if it would be OK to use another type of yarn? *Kerry Travis, Glasgow*

A Sarah says: It will be fine to use a different yarn than the one specified in the pattern, just make sure that you look at the stitch gauge in the pattern and the weight of the recommended yarn so you can buy a yarn with similar properties. Also, it's very important to knit a swatch as you may need to alter the needle size to match the gauge in the pattern. As you can see from the picture below, needle size can alter the gauge of the swatch; the smaller of the swatches was

It's important that you knit a gauge swatch

knitted on 3.5mm needles and the larger on 5mm needles, so it is important to find a needle size that properly suits the gauge in the pattern.

EYE OF THE NEEDLE

Q I've been knitting for a year but so far have only made scarves! I'm in the middle of knitting my first hat on straight needles and the pattern says I need to sew the seam together using a knitting hand needle. I have sewing needles, so would it be OK to use one of these instead? *Sally Reid, Kent*

A Anne says: The difference between knitting sewing needles and sewing needles is that knitting sewing needles have large eyes for yarn to fit through. Also the point is blunt, so that you don't separate the yarn while you are sewing together, therefore I wouldn't recommend you using a sewing needle. You can buy knitting sewing needles from most local craft stores or online. I like the ones available at Hobbycraft. You can buy online at www.hobbycraft.co.uk or call 0845 051 6524, and they only cost £1.30 for two.

KNOTTY KNITS

Q When joining a new piece of yarn after finishing the ball I'm using I normally knot the two ends together and carry on knitting. But this leaves a knot at the front or back of my knitting, so is there a better way of joining two ends? *Ellie Fisher, Stockport*

A Jo says: Knotting the yarns does work but there are ways of joining yarns that you won't be able to see. When joining yarn because you've come to the end of a ball, you can knit a couple of stitches using both pieces of yarn then drop the finished ball. You can see how this is done from the swatch pictured. Once you have finished knitting make sure you sew in the ends.

Use this method to seamlessly join two yarns together

ON THE GO

Q I like knitting on the train to work but wish I had something to stop my yarn from getting tangled! What would you recommend keeping in to stop this happening?
Sharon Reed, Cardiff

A **Anna says:** When knitting on the move it's a good idea to have a yarn holder, such as this really nice version from Hobbycraft (right) which costs £5. It will keep your yarn safe from tears and from getting tangled in your bag. It also has a handy hole in the top so you can keep the yarn in the holder even while you are knitting – perfect for your train journeys! You can buy online at www.hobbycraft.co.uk or call 0845 051 6524.

Invest in a yarn holder for knitting while commuting!

DOUBLE JOY

Q My friend had twin boys recently and I would like to knit them something that they could share for their nursery. Do you have any pattern suggestions?
Tina Smith, Newcastle

A **Jo says:** That's a lovely idea to knit them something to share! I've found this pattern booklet from Sirdar called *Nursery Knits for Boys* which has some great patterns in it that I'm sure two twin boys would love!

Sirdar's new pattern book is full of fun designs

You could knit them a dinosaur to play with or the mobile to hang in their room. For stockists visit www.sirdar.co.uk or call 01924 369 666.

CRAFTY KIDS

Q I would like to encourage my little girl to start knitting with me and it would be great to get her some patterns so she can learn to finger knit. I'm struggling to find any pattern books for this, however, so can you help?
Holly Parker, Taunton

Finger knitting is a great craft for children to try

HEIRLOOM GIFT

Q My sister is expecting a baby at the end of the year and I'd love to knit her something that will be treasured for a long time. What gifts do you think are the best to give?
Shannon Lewis, Nottingham

A **Anne says:** All knitted gifts are lovely to give but some do last longer than others. Babies grow out of things quickly so booties and hats will only be worn while they still fit although, as these are quick knits, you could make a set in different sizes. If you want a gift that will be treasured for a long time I would suggest a teddy bear, but if you don't fancy tackling all the construction then another great gift is a blanket, such as this striped Nezbit blanket from Rowan. The pattern costs £9.50; for stockists visit www.knitrowan.com or call 01484 681 811.

A baby blanket will be a welcome gift that lasts for years

A **Anne says:** There aren't many pattern books available for finger knitting, but I have found a book called *Finger Knitting Fun* by Vickie Howell (£12.99 from all good bookshops), which has a range of projects in it including jewellery and room decorations which I'm sure your daughter will enjoy making.

PERFECT PRESENT

Q My friend and I have been part of the same knitting club for years now, and as it's her 60th birthday next month I wanted to get her a special set of needles. Do you have any recommendations?
Fiona Harris, Liverpool

A **Anna says:** My favourite needles are these Knit Pro Symfoni knitting needles (above,

Keen knitters will love these birch wood needles

available from John Lewis for £94.95, visit www.johnlewis.com or call 0345 604 9049). They're made from birch wood and feel lovely to knit with, and the set of 16 needles, with sizes from 3.5mm to 8mm, would be an ideal gift.

Before sewing the seam of the skirt you need to measure its length and depth. Now using the skirt as a template, cut a piece of net twice as long and twice as deep as the skirt. Fold the net in half lengthways, the folded end is to be at the bottom of the skirt. Pin the top edge closed. Take a needle threaded with some shirring elastic and sew a neat running stitch all along the edge, sewing

through both thicknesses of net. Gather up to fit the waist of the skirt. Stitch neatly to the inside of waist of the skirt. Sew the back seam neatly. Join the side seams.

Thread fine shirring elastic through the top of the skirt, weaving in and out of the fabric. Tie the elastic in a tight knot, and work in the ends.

How to knit

Never knitted before? Follow our step-by-step diagrams and instructions to get started. It's easier than you think!

MAKE A SLIPKNOT

■ START ALL KNITTING PROJECTS WITH THIS EASY KNOT

Twist the yarn into a loop, and form a second loop of yarn to pull through the first one.

Tighten the first loop into a knot around the second. This will now be your first cast on stitch.

CAST ON – THUMB METHOD

■ USE THIS FOR AN EXTRA-STRETCHY EDGE

Make a slipknot with a long tail of 2.5cm (1in) per stitch that the pattern asks you to cast on.

Loop the tail end of the yarn around your left thumb, and slide the needle tip into this loop.

Wrap the ball end of the yarn anticlockwise around the needle. Push the needle through the loop.

Slide the loop off your thumb and tighten both ends. Repeat steps 2-4 for each stitch.

CAST ON – TWO NEEDLE METHOD

■ USE THIS FOR A STRONG, HARDWEARING EDGE

With the slipknot on your left needle, insert the right needle from front to back of the loop.

Wrap the ball end of the yarn anticlockwise around the right needle. Pull this through the loop.

Insert the left needle tip through the front of this new loop, dropping it off the right needle.

Repeat steps 1-3 as needed, forming new stitches from the top stitch on the left needle.

CAST OFF

■ WHAT TO DO WHEN YOU'VE REACHED THE END

To begin, knit only the first two stitches in the cast off row.

Push the left needle through the first stitch. Lift it over the second stitch and off the right needle.

With one stitch now on the right needle, knit another stitch and repeat step 2 until you reach the row end.

Cut the yarn leaving a 15cm (6in) tail, and pull the tail through the final cast off stitch.

How to crochet

If you've not tried crochet before, learn the basic stitches with our handy step-by-step guide

FOUNDATION CHAIN

■ LIKE CASTING ON, THIS IS THE BASIS FOR YOUR CROCHET PROJECT

To start, make a slipknot around your crochet hook.

Bring the yarn around the hook from the back to the front and catch the yarn with the hook.

With the yarn still under the hook, bring the hook through the slipknot to create a new loop.

Lengthen the chain by repeating steps 2-3, creating a new chain stitch with each repeat.

TURNING CHAIN

■ HOW TO START THE NEXT ROW

At the end of the row, work chain stitches into the last loop to equal the height of the next stitch.

Turn your work around and start making the next stitch as instructed in your pattern.

CAST OFF

■ FINISH OFF YOUR CROCHET PROJECT

Cut the yarn, leaving a 15cm. Draw this end through the loop on your hook.

Pull the entire length of yarn through the loop and tighten gently. Weave in the end.

DOUBLE CROCHET

■ A BASIC STITCH THAT CREATES A DENSE FABRIC

Insert your hook into the loop of the next stitch and carry the yarn over the hook.

Bring the yarn through the stitch. You will now have two loops on your crochet hook.

Carry the yarn over the hook again, and draw this through both loops on your crochet hook.

TREBLE CROCHET

■ A TALLER STITCH FOR A MORE OPEN RESULT

Carry the yarn all the way over your crochet hook and insert your hook into the next stitch.

Carry the yarn over the hook and pull this through the stitch. There are now three loops on the hook.

Carry the yarn over the hook and pull it through the first two loops on the hook. There are two left.

Carry the yarn over the hook once more and pull it through the last two loops on the hook.

AND FINALLY...

The last word

Knitwear designer and *Love Knitting* expert Sarah Heys shares her favourite yarns and top tips to inspire your baby knitting

Who taught you to knit, and how long have you been knitting for?

My grandma taught me to knit when I was a little girl. I then didn't knit at all when I was a teenager, and it wasn't until I was studying for a BA degree in Fashion Design at Leeds University that I had to do a semester in knitting as part of the course, and realised how much I liked it. Luckily I could still remember the basics!

How did you get into designing knitwear?

I enjoyed my semester of knitting so much that I ended up specialising in it, doing both hand and machine knitting, and designing my own garments and other items. After graduating I came to work for Immediate Media as a charting editor on its cross stitching titles, which meant that I was working on the same floor as the company's knitting magazines. I showed the editor of *Knit Today* my designs and was lucky enough to get my first commission from this magazine, which led to work on other magazines, including *Love Knitting*.

Which yarn do you like using in your designs, and why?

I enjoy knitting in chunky yarn that's made from natural fibres, so something like Blue Sky Alpaca Bulky is perfect. Rowan's range is also gorgeous.

Who or what influences your designs?

Pinterest is a major source of inspiration – I love seeing what other people are up to with yarn, and it's so easy to spend hours exploring beautiful images on there! Ravelry is also fab for looking at what other designers are making.

What's your favourite of your own designs, and why?

I designed a shocking pink scarf in Malabrigo yarn for the Autumn 2014 issue of *Pompom*

magazine, which is knitted in lotus stitch with added embroidery. I was really pleased with how it came out!

What's coming up for you this year?

I want to set up a website to showcase my designs, and also develop a Ravelry page so people can buy my patterns.

What's your knitting top tip to share with readers?

Keep on experimenting with new stitches, as you never know what you'll create! And always knit in ends as you go, for example if you're knitting in stripes, as it's horrible to do at the end.
